MS7120 Omnidirectional Scanner

With the **MS7120 Omnidirectional Laser Scanner,** you'll be able to quickly scan barcode ID cards. The easy-to-find sweet spot increases first pass read rate for maximum productivity. This laser bar code scanner is perfect for school cafeteria POS applications and is designed for use where counter space is at a premium. In addition, its unique contoured shape allows it to be used as a hand-held device when needed. Lightweight and rugged, this scanner is small in size but big on performance.

FEATURES

› Designed for applications where counter space is at a premium

› Fully automatic scan operation
